Our School Programs

We believe that working with schools is the best way to expand Speech & Debate. Our programs are individualized and can be modified to fit your curriculum. All of our services can be provided either in person or online and include Invitations to tournaments in Dubai and universities like Harvard and Yale, as well as free guest lectures from our partners.

After School Program

Add Speech & Debate your school's roster of extra-curriculars. Atlantic Ivy coaches will lead regularly scheduled practices introducing the basics of argumentation, public speaking, and formal debate. With an emphasis on accessibility and engagement, we make sure that every student speaks every session.

Regular Classes

We offer semester length elective Speech & Debate classes for both seasoned competitors and students primarily interested improving their public speaking skills. Students learn in-depth about all aspects of research and rhetoric, such as argumentative theory or debating international relations. This learning is reinforced through assignments and practice speeches.

Debate Team

Let us make starting a championship team easy! Schools are paired with one of Atlantic Ivy's founders who acts as a Head Coach and constant point of contact for the team. They lead practices, coordinate all research and preparation, handle tournament logistics, and create an individualized improvement plan for every student.
